

# MAHEK SHAIKH

SOFTWARE DEVELOPER |  
ARTIST | TECH-ENTHUSIAST

## INTRODUCTION

"I'm not just another tech enthusiast—I'm a code crafter with a curious mind and a mission: to turn ideas into impactful digital solutions. As a BCA student with a heart wired for innovation and a brain trained in Java, DBMS, and DSA, I'm on a journey to join a team where challenges become stepping stones. I don't just debug code—I decode possibilities. Ready to level up with a company that believes in bold thinking, clean logic, and human-first tech. Let's build the future—one line of code at a time."
